

Changes in Student Project

1. In Agent Preview: Add Course mapping tool > they should see career options.

Same engine as the student tool, tuned for markets you recruit in. No interrupting pop-ups — use the buttons below when you are ready.

Primary market country

e.g. India, Vietnam, UAE

Recruitment focus

e.g. Engineering, Business, Health

Run AI program search

Change Recruitment focus to Program / Primary market country to target country then run shows 2 responses

done my bcom planning masters in international business in uk usa, canada suggest suitable course suggest approximate fees suggest career options according to course

Great—you've done B.Com 🌟 so **Master's in International Business (MIB)** is a very good next step. I'll break it down clearly: **best courses** → **countries** → **fees** → **career options** so you can decide smartly.

🎓 1. Best Course Ask ChatGPT in (International Business Path)

✅ Top Recommended Courses

- **MSc International Business (Most popular)**
- MBA in International Business (after experience preferred)
- Masters in International Business Management
- Masters in Global Business / Global Management
- Masters in Supply Chain & International Trade (specialized)

🌟 For you (fresh graduate):

📌 **MSc International Business = BEST choice**

🌍 2. Country-wise Comparison (UK vs USA vs Canada)

🇬🇧 UK (Best ROI + Fast degree)

Duration: 1 year

Average Fees:

- ₹16L – ₹36L/year Leap Scholar
- Avg ~ £18,600 (~₹19L) OR

🌍 2. Country-wise Comparison (UK vs USA vs Canada)

🇬🇧 UK (Best ROI + Fast degree)

Duration: 1 year

Average Fees:

- ₹16L – ₹36L/year Leap Scholar
- Avg ~ £18,600 (~₹19L) OR

Why UK?

- Business Development Manager
- Export/Import Manager
- Supply Chain Manager
- Global Marketing Manager
- Financial Analyst (International markets)
- Trade Analyst

🌱 Average Salary (Abroad)

But in clean way in one 1 line better than chatgpt.

2. Agent Preview > University view: When they signup, they should not automatically see commissions (only this) . Create a feature, when they signup ..they get our standard agreement in their email inbox(uploaded in the database) with their names feeded automatically (pick from registration form) . Only when they upload the signed contract in the dashboard panel, they see all univ commission structure.

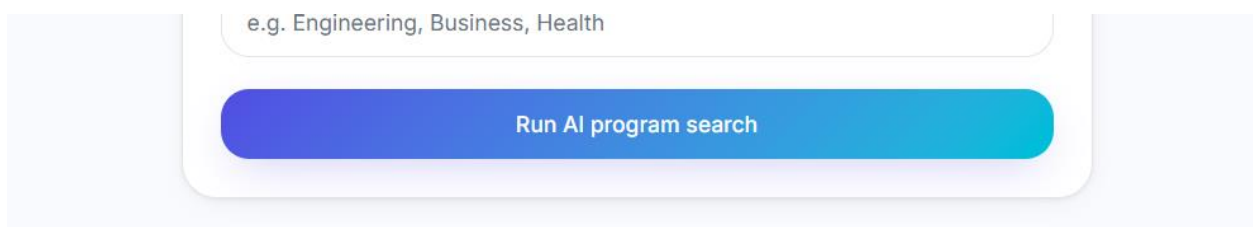

Refer to Infinite group portal.

3. 2nd image> Remove student numbers, free trial period, no credit card. (We are not going to charge any agent or students for any services). Add Visa Success ration 98%

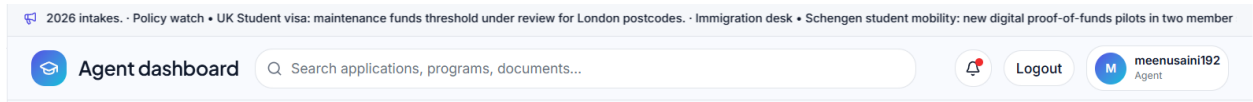

REMOVE ANY FREE TRIAL > We keep every service offering free for Students and Agents(they need to register but not pay anything)

4. REMOVE the word AI from everywhere.

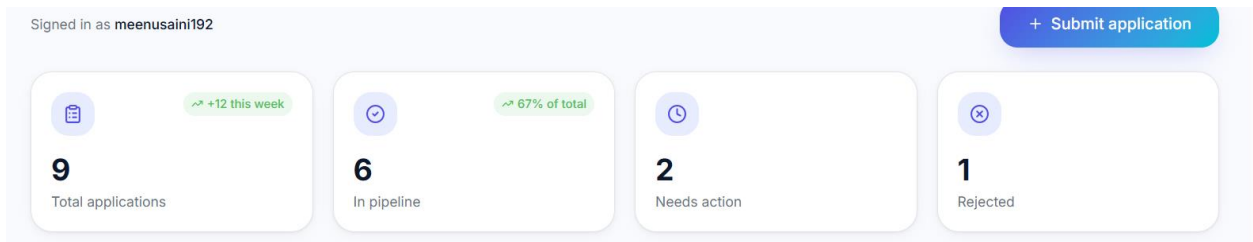

We can use Course mapping

5. News ticker on top > Bring it down to right under the main headings like Role & Permission OR Welcome Vikas.

Put after signed in as meenusaini192

Also, use some colours-double shaded in the news and also some more colors (keeping it still look professional) to make it more attractive.

6. In student > Create Profile form:

Target Country > Enable them to select multiple country and not one only.

Sign up to Enroll

Pick role and continue with password.

- Document Verification tab > Can we add financial documents- like ITR, bank statements. And is it possible to AI-verify that? How accurate is this entire verification tool? This will be our top selling USP. **Important**

Document verification (demo AI)

No files are uploaded — this simulates fraud checks and status badges for stakeholder demos.

- In Offer letter tab > Add upload button: Students signed offer letters need to be uploaded/submitted by Agents to the universities/portal too before proceeding for deposit payments?

11. Discuss Commission calculator matrix? How is this calculated- is it university wise?

The screenshot shows a 'Calculator' tab selected over an 'Earnings' tab. Under 'Inputs', there is a note: 'Use rough annual tuition in USD; rate matches your band.' The 'Annual tuition (USD)' field contains '25000' and the 'Commission rate (%)' field contains '15'. A 'Reset demo values' button is at the bottom of the input section. The results section, on a blue background, displays 'ESTIMATED COMMISSION' as '\$3,750 per enrollment (before taxes)' and includes a trend indicator: '+18% vs last month (illustrative)'.

In this it shows those university in which agent was applied

When agent click on 1 university then it shows this tab annual fees but commission rate is disable it shows when agent enter annual fees then it shows commission rate which is fixed agent is not able to edit

12. How is the deposit payment link being generated? How do we integrate payment partners like PayPal, Flywire, ebixcash?

13. Subscription tab for Agents > Please keep it disabled for now> Only admin can access.

14. Deadlines? - Need to integrate all university deadlines: row wise and column wise for application deadline, Scholarship deadline, deposit deadline, start date of intake.

Don't miss application windows. University labels may show as confidential until counselling unlocks them.
